

## C-NAP Consultation – April 20<sup>th</sup>/21<sup>st</sup>

### AGENDA

**111 Sussex Drive, Ottawa  
CONFEDERATION ROOM**

From Global Affairs’s Concept Note:

*Canada’s National Action Plan (C-NAP) for the implementation of UN Security Council Resolution 1325 on Women, Peace and Security (WPS) was launched in 2010 for five years and sunsetted in March 2016. The Government has announced that it will be renewed. Renewal preparations are underway, with the Government’s WPS-related activities continuing unabated. The global history of WPS implementation indicates that close cooperation with civil society experts is an important element. The Government learned much about civil society concerns and ambitions with respect to C-NAP renewal through testimony and submissions made during three consultations over the past year: the WPS study conducted by the Commons Standing Committee on Foreign Affairs and International Development, the International Assistance Review, and the Defence Policy Review.*

*In order to apply this wealth of information to the C-NAP renewal process, as well as address emerging issues, the Government and civil society will co-chair a two day consultation conference under the auspices of the Women, Peace and Security Network – Canada (WPSN-C). The conference will bring together the government C-NAP partners, including Parliamentarians, political staff and civil society experts, to build on what was heard during the above-mentioned consultations and exchange information on C-NAP renewal and work collaboratively to forge a set of ideas for developing an ambitious and robust renewed C-NAP. The outcome will be provided in a report to inform the final drafting of the new C-NAP.*
